

**Community Advisory Group  
Plant Master Plan  
San Jose/Santa Clara Water Pollution Control Plant**

**APPLICATION FORM**

The residents and businesses of eight cities in the South Bay are served by the San Jose/Santa Clara Water Pollution Control Plant (Plant), the largest tertiary wastewater treatment facility on the West Coast. The City of San José operates the Plant on behalf of Santa Clara, Milpitas, Campbell, Cupertino, Los Gatos, Saratoga, and Monte Sereno and their respective sanitation districts.

A three-year process to plan for the Plant's future was launched in 2008, along with the Community Advisory Group (CAG). CAG is comprised of 20 appointed community members who are charged with providing an informed, ongoing community perspective on the Plant Master Plan development. CAG members are representative of each community and a diverse background of interests, including environmental, civic, business, and educational. CAG meetings are a conduit for community input during the planning process.

Residents and business owners of San José, Santa Clara, Milpitas, Campbell, Cupertino, Los Gatos, Saratoga, and Monte Sereno are being sought for an **at-large position**.

If you are interested in being considered for membership, please complete this application form and submit it by Thursday, September 2, 2010 to:

Kristen Yasukawa, CAG Liaison  
City of San José, Environmental Services Department  
200 East Santa Clara Street, 10<sup>th</sup> Floor  
San José, CA 95113  
Kristen.yasukawa@sanjoseca.gov
